

This is what the **CONservatives** said about the Independent's in their last leaflet:

"We proposed pitches for travellers"

**CON 1 UNTRUE**

"Wasted taxpayers money on unfounded claims"

**CON 2 UNTRUE**

"Opposed schemes to improve parking"

**CON 3 UNTRUE**

"Opposed plans for affordable Housing"

**CON 4 UNTRUE**

## **SHOULD YOU VOTE FOR A PARTY SEEKING TO MISLEAD YOU?**

What have the **CONservatives** actually done for you and Southend?

- **Allowed** the housing waiting list to increase to nearly **6,000** causing hardship.
- **Missed** the affordable housing target **every year** causing real suffering.
- **Not** created the targeted **6,000 jobs** required for our economy causing misery.
- **Allowed** Southend's roads and pavements to fall apart with a **£40m** backlog.
- **Embarrassingly** remain the **only** town the **whole** of the S.E REGION to **not** subsidise bus routes leaving many on low incomes **marooned** in their homes.
- **Left** all our parks **unlocked** to allow them to be vandalised at your cost.
- **Deliberately** allowed York Road Market to be run down and closed.
- Set one of the **highest** Council tax increases while providing you with the worst possible services.

### **FINALLY, a word about CONservative candidate SALLY CARR.**

She was rejected by the electorate in Thorpe Bay because she failed the Residents, she was **replaced** by an Independent. She was then **de-selected** by the Thorpe Bay Conservatives, do you want a Thorpe Bay reject in St Lukes? The rumour is that she only wants to be your Councillor so she can become Mayor, so much for ST Lukes then?

She was a disastrous Councillor overseeing a large number of schools in special measures, she was asked to resign by Councillors on many occasions. She and the Officers wanted to flog-off Cecil Jones Lower School site to greedy developers. She is just another one of **ANNA WAITES POODLES**.
